From François Despagne, this reliable wine is a blend of 95% Merlot and 5% Cabernet Franc, coming from the limestone soils of Castillon. Deep ruby, with some powdery, rocky minerality, red and black fruits, spice and a nice texture, it finishes somewhat compact and narrow. That narrowing out lowers the score. Drink it over the next 4-5 years.

This luxury cuvée from Reignac's proprietor Yves Vatelot is always 100% Merlot fermented in tiny cigar barrels for alcoholic as well as malolactic fermentation. This is a pedal-to-the-metal, super-concentrated, rich wine that showcases the best characteristics of 2012 – very ripe Merlot, tiny yields, and impeccable vinification and élevage. This is an amazing wine for the vintage and certainly one of superstars of 2012. Remarkably, the back label suggests this hit 15% natural alcohol, which tells you the sort of ripeness it achieved, without any of the characteristics whatsoever of overripeness like fig or prune. This is a great, great effort in this vintage and should drink well for at least a decade or more.

An excellent property from the Garcin family, Barde-Haut tends to be an over-achieving estate, with Hélène Garcin and her husband doing a terrific job with their vineyard planted with 90% Merlot and 10% Cabernet Franc. The 2012 has a dense ruby/purple color, a medium to full-bodied mouthfeel, and outstanding concentration, with slight, yet noticeable tannins in the finish keeping it still firm. This is a beautiful wine to drink over the next 10-12 years.

There is always speculation that this great terroir belonging to the Audy family could do even better, but this 2012, a blend of 75% Merlot and 25% Cabernet Franc, achieved a rather remarkable 14.5% natural alcohol. Inky ruby/purple, the wine offers up notes of licorice, damp earth, blue and black fruits, high levels of glycerin and opulence, and a full-bodied mouthfeel. This wine is impressive, and may be one of the Clos du Clocher cuvées that lives up to its great terroir and potential. It is a beauty and still somewhat under the radar. From one of my favorite properties owned by the Rullier family (now run by Brigitte Rullier), this blend of 90% Merlot and 10% Cabernet Franc is a big-time winner in 2012. Inky ruby/purple to the rim, with beautifully sweet red and black fruits, some crushed rock and spring flowers, it is medium to full-bodied and concentrated, with no hard edges. This is an opulent, fleshy, top-flight Fronsac to drink over the next 10-15 years. Sleeper!

The acquisition of this well-known, beautiful estate in Fronsac by proprietor Jean Halley has raised the level of performance dramatically. The 2012, which tips the scales at a whopping 15% alcohol, is a blend of 90% Merlot and 10% Cabernet Franc. This is a major sleeper of the vintage. Dense ruby/plum/purple with sweet black cherry and blackcurrant fruits, underlying minerality, a plump, medium to full-bodied mouthfeel and lush, heady texture and length, this is one of the best La Dauphines I have tasted. Drink it over the next 10-15 years, although it is capable of lasting longer.

A perennial best-buy, high-quality pick in the Wine Advocate, the 2012 Le Doyenné is a beauty. Deep ruby/purple, with sweet black cherry and blackcurrant fruit, a broad, expansive mouthfeel and lots of plumpness and succulence, this is delicious, richly fruity and exuberant style of wine that represents a major over-achiever and a sleeper of the vintage. Drink it over the next 3-4 years.

Lécuyer's 2012 is an elegant, almost feminine style of Pomerol, with floral, black cherry and berry notes, medium body, yet savory tannin, an impressively saturated color, and rich fruit. Mostly Merlot

from a very tiny 7.5-acre vineyard on the high plateau of Pomerol, this is one of the most obscure Pomerols, but it certainly merits much more attention. A sleeper.

From the family of Philippe Castéja, this well-located terroir has produced a dense ruby/purple colored wine that is somewhat chunky and one-dimensional compared with some of the great Pomerols of the vintage, but still very well-made. Medium to full-bodied with black fruits galore and a nice, spicy earthiness, it should be drunk over the next 15 or more years.

A sure sleeper of the vintage, the white limestone soils of this small estate along with its use of 100% Merlot used in the cuvée has produced a rich, fleshy, full-bodied 2012 that is dense and pure, with loads of blackberry and black cherry fruit, some licorice, earth and spice. This is a stunner and well-worth consumers' attention. Drink it over the next 10-12 years.

The flagship wine from the Decoster family, this blend of 80% Merlot, 15% Cabernet Franc and 5% Cabernet Sauvignon has been a hugely successful wine since they acquired this 58-acre estate and revolutionized the level of quality. This is consistently one of the best St.-Emilions and over-achieving for its classification. The 2012 has pure, striking aromatics of blueberry, black raspberry, minerals and flowers. Medium to full-bodied, ripe and multi-dimensional, with a beautiful texture, this is stunning wine that completely dominates its classification and over-delivers in terms of quality and potential longevity. It should drink well for 15 or more years. Yields were a modest 34 hectoliters per hectare from an unusually late harvest – October 22 to November 2.

From famous Fronsac estate of Dany and Michel Rolland, this wine is made exclusively from vines averaging 40 years of age and is generally 90% Merlot and 10% Cabernet Sauvignon. The 2012 is close to outstanding. Deep ruby/purple with floral notes, blueberry, black raspberry and cassis fruit, and a hint of minerality, this rich, medium-bodied, concentrated wine once again over-achieves in 2012. That's not surprising, given its proprietors. The wine should drink well for at least 10-12 years, judging from the minerality and density of this effort. It is a sleeper of the vintage. This property continues to make terrific value wines. The 2012, a blend of 75% Merlot and 25% Cabernet Franc, is a major sleeper of the vintage. Gorgeous, plump black cherry, kirsch and blackcurrant fruit mixed with incense, licorice and spice jump from the glass of this opaque ruby/purple wine. Fleshy, opulent and a dead ringer for a top Pomerol, this beauty from the Becot family is once again a major over-achiever. Drink over the next 5-7 years.

This is 100% Merlot cuvée from proprietor Jean Louis Trocard. From a tiny vineyard of just five acres with 70-year-old Merlot vines, this authentic Lalande de Pomerol will be hard to find given its limited availability. However, it is beautifully crafted wine with terrific purity, oodles of blackcurrant and black cherry fruit, some graphite and earth. Full bodied and opulent, with sweet tannin, this beauty is still youthful and has a considerable upside remaining. Drink it over the next 10-15 years. The bottled wine is dramatically better than the barrel sample.

The special cuvée, the 2012 Cuvée Sacha (an identical blend of 75% Merlot and 25% Cabernet Franc), seems to be beefed up with slightly more new oak, which I'm not always convinced is the best thing. It has more structure and minerality, but I'm not sure it's any better than the basic cuvée in terms of value or pleasure, complexity or overall quality. Nonetheless, it's another beauty from Castillon and well worth buying for thrifty, wise consumers. Like the basic cuvée, this is a major sleeper of the vintage. Drink it over the next 6-7 years.

From proprietor Jean-Michel Lapalu, this well-known Haut-Médoc comes from a relatively sizeable estate. The 2012 blend is 50% Merlot, 44% Cabernet Sauvignon and the rest Cabernet Franc and Petit Verdot. Deep ruby/plum/purple, with earthy, meaty blackcurrant fruit, some underbrush and weediness, this medium-bodied wine has excellent depth, but somehow there is a disjointedness and awkwardness to the overall feel of the wine in the mouth. Drink it over the next 5-6 years.

Wines from this well-known property are made under the auspices of Michel Rolland and his top consultant, J. P. Fort. The 2012 (a blend of 80% Merlot and the rest mostly Cabernet Franc with a tiny bit of Petit Verdot) is rich in fruit and offers up loads of plum, blackcurrant, and sweet black cherry notes, with some hints of crushed rock giving it a certain minerality. Medium-bodied, with well-integrated tannins, this is an attractive wine and a sleeper of the vintage. Anticipated maturity: now-2022.

An impressive, strong effort from Lynsolence, this wine, which normally is 100% Merlot, tipping the scale at 14.5%, has an almost opaque bluish/purple color that is followed by a full-bodied, very

concentrated, beautifully made wine with sweet tannin, a multi-dimensional mouthfeel and almost skyscraper-like intensity and richness. This is a star of the vintage and a great, great effort from Lysolence. Production from the tiny 6.5-acre vineyard was a measly 22 hectoliters per hectare. Drink it over the next 15 or more years.

A luxury cuvée from the bigger estate of Château Fombrauge, this wine is a visionary project from Bernard Magrez along with his winemaking team and consultant Michel Rolland. This micro cuvée of 4,000 bottles, a blend of 59% Merlot and 41% Cabernet Franc, is another strong, successful effort. Although this wine saw its Cabernet Franc picked very late (October 17 and 18), it has no sense of overripeness, but a beautiful inky purple color and a sweet blueberry and blackberry nose intermixed with tar, graphite and some spicy oak. It is medium to full-bodied, elegant, pure, and while not the monster that its older siblings (2010, 2009 and 2005) were, it is still a big, rich, impressively concentrated St.-Emilion. Drink it over the next 15 or more years.

This is the relatively new estate being resurrected by Alain Raynaud and his wife Françoise. The final blend, 80% Merlot and 20% Cabernet Franc from a vineyard near the village of Saint Sulpice de Faleyrens, exhibits an opaque purple color, sweet cassis and black cherry fruit nicely dosed by subtle oak. It is medium to full-bodied with decent acidity, ripe, well-integrated tannin and a nice layered mouthfeel. This is probably the best wine I've ever tasted from this estate and a tribute to the meticulous ownership and efforts of the Raynaud family. A sleeper of the vintage.

A stunning wine, this luxury cuvée of La Bienfaisance is significantly better than it tasted from barrel. The 2012 (75% Merlot and 25% Cabernet Franc tipping the scales at 14.4% alcohol) has an opaque ruby/purple color, sweet black cherries and blackcurrant fruit, medium to full body, and ripe, well-integrated tannins. This is a sensational wine to drink over the next 12-15 years.

From a property on an incredible qualitative roll, this blend of 85% Merlot and 15% Cabernet Franc, from St.-Emilion's plateau of clay and limestone soils, offers loads of blueberry and raspberry fruit, an inky purple color, a distinctive, earthy terroir character, medium to full body, and beautiful ripeness, purity and equilibrium. This is a stunner, as it has been over recent vintages, and consumers need to take notice before the prices match the level of quality. Drink it over the next 15 years. Tiny yields of 23 hectoliters per hectare achieved 14% natural alcohol.

A somewhat one-dimensional style of Pessac-Léognan, this blend of 60% Cabernet Sauvignon and 40% Merlot shows the vintage's very dark pigment and color. It is medium-bodied, with good concentration, but again, its absence of finesse, nuance and complexity are apparent. Drink it over the next decade.

This is a beautifully complex wine with a dense almost blackish/purple color, offering up notes of charcoal fires, graphite, sweet black fruits, followed by a medium to full-bodied mouthfeel with silky tannins and a lush, very concentrated and layered texture. This is impressive wine and a big-time sleeper of the vintage. Drink it over the next 10-15 years.

The basic cuvée, the 2012 generic Bordeaux is a blend of Merlot and Cabernet Sauvignon. This wine is a major overachiever, with supple tannins, lots of sweet black cherry and blackcurrant fruit, an enticing texture, medium body, and a complete mouthfeel. This is a juicy consumer's treasure that can be drunk now or cellared over 3-4 years. This wine delivers significant pleasure and quality for its humble price. This is one of the most reliable large estates producing generic Bordeaux.

The 2012 Réserve Francis Courselle has more oak and comes across as a more serious wine, but not necessarily better than the basic cuvée. The fruit is ripe, and the oak not overdone. This 2012 Réserve has more structure than wood, which seems to subdue some of the immense early pleasure one derives from this kind of wine. At any rate, it is well-made and certainly very good. Drink it over the next 4-5 years. This is one of the most reliable large estates producing generic Bordeaux.

A solidly made Bordeaux with a nice earthiness and plump black cherry and blackcurrant fruit, it has a medium-bodied texture, light, sweet, well-integrated tannins, and attractive charm and juiciness. This is a very good Montagne St.-Emilion and a sleeper of the vintage. Anticipated maturity: now-2018.

From proprietor Jean Guyon, this blend of 65% Merlot, 15% Cabernet Sauvignon, 10% Cabernet Franc and 10% Petit Verdot has a gold band on it saying, "Blended by the best sommelier in the world – Andreas Larsson." The wine is a relatively juicy, well-above average cru bourgeois in 2012,

with a dark ruby/plum color, red and blackcurrant fruit, licorice and earth. Medium-bodied, supple-textured and well-made, it should be drunk over the next 5-8 years.

An excellent Trianon and one of the best examples I've tasted of this estate. The wine shows lush, blackcurrant and black cherry fruit, a deep opaque ruby/purple color, medium body and good spice, ripeness and length. The wine is two to three years from hitting prime time drinking, but should evolve nicely after that for another 10-12 years.

From former Mouton-Rothschild general manager Patrick Léon, his family estate in Fronsac offers a 2012 that has more intensity and flavor than normally found from this proprietor's wines. With loads of mineral-laced blue and black fruits, medium to full body, impressive purity, texture and length, this sleeper of the vintage is an excellent offering from Fronsac. Drink it over the next decade.

This excellent wine from one of the oenologists who works for Michel Rolland is quite concentrated, dense in color, and powerful in 2012. There is certainly a big percentage of Merlot in the final blend, but the wine is beefy, rich, medium to full-bodied, and rises well above the average level of quality achieved in 2012. This pure, rich, textured sleeper of the vintage is capable of lasting another 7-8 years.

Arguably the bright, shining star of Fronsac these days, this blend of 75% Merlot, 22% Cabernet Franc and the rest Cabernet Sauvignon from vines averaging 25 years of age seems to go from strength to strength. The 2012 is a knock-out, with an inky purple color and sweet cassis and kirsch notes as well as some licorice, mocha and earth. It is medium to full-bodied and concentrated, with silky tannins and a long, long finish. This is outrageously fine wine that sells for a song. It is a major sleeper of the vintage. Drink it over the next 10-12 years.

A concentrated, earthy wine with hints of chalky limestone, blackberries and cassis, this 2012 (75% Merlot and 25% Cabernet Franc) is rich, full, and powerful. It is an overachiever in this vintage, a surprisingly big-scaled and large-boned style of wine from a relatively obscure appellation. Give this sleeper of the vintage another year or so of bottle age and drink it over the next decade.

A blend of 73% Merlot, 19% Cabernet Franc and 8% Cabernet Sauvignon, this wine emerges from a small property that produces just under 30,000 bottles. It is looked after by the brilliant duo of Jean-Philippe Fort and Michel Rolland. A strong effort with loads of minerality, this dense ruby/purple wine has notes of black cherries, cassis, and earth. It is medium to full-bodied, ripe, and solidly made. This is an undeniable success and one of the best wines I've ever tasted from this producer. Drink it over the next 10-15 years.

One of the top Fronsacs year in and year out, this blend of 76% Merlot, 21% Cabernet Franc and 3% Cabernet Sauvignon reveals a gorgeous, deep ruby/purple color and sweet blueberry and blackberry fruit. Nice minerality and a medium to full-bodied mouthfeel make for a top-notch Fronsac in this vintage. The color is a healthy ruby/purple and the wine capable of lasting at least 10-15 years.

A blend of 83% Merlot, 15% Cabernet Franc and 12% Petit Verdot from a 60-acre vineyard in the Figeac sector of St.-Emilion, this is a precocious, forward and crowd-pleasing wine. Displaying notes of plum, blackcurrants and black cherries along with some hints of licorice and forest floor, it offers medium-bodied, silky tannins and a nice, complete mouthfeel from beginning to finish. The purity levels are also impressive. This is a sleeper of the vintage and a strong effort from this property, which has had somewhat of a mixed performance record over the last decade.
